Our Services

Short Term Recruitment

Our aim is to support your Team with our own qualified and experienced Engineers & Consultants or specially recruited staff.

Our experienced experts can help the clients by advising on the execution of activities.

We provide specialists from various engineering disciplines for crucial Roles, including:

- ◆ Process
- ◆ Safety / HSE
- ◆ Civil & Structural
- ◆ QA/QC
- ◆ Mechanical
- ◆ Planning
- ◆ Instrumentation
- ◆ Piping
- ◆ Electrical

Long Term Recruitment :

- ◆ We shall study the job descriptions and requirements of the positions in terms of function, qualification and experience.
- ◆ Our technical consultants will conduct preliminary screening and initial interviews. We shall rank short-listed candidates from the preliminary interviews according to their potentials and experience. All completed CVs with our rating sheet of the above candidates short-listed by us will be sent to you for review / further evaluation.
- ◆ We shall organize final interviews of the candidates by your representatives at your office or at our facilities as you desire.

Deputation of Personnel

SAGA has been providing world-class services through deputation of personnel. SAGA takes up assignments / projects overseas and pools the appropriate resources to undertake the assignment / projects. In all the cases the services of our experts have been highly appreciated and very often the clients have requested for extension of deputation tenure of the experts.
